

### About The Institute:

Kilachand Devchand Polytechnic (Govt. Polytechnic), Patan was Established in the year 1960. This polytechnic is a premier technical education and training institute in the North Gujarat. It imparts training to students so that they become competent and motivated engineers. The Institute celebrates freedom of thought, cultivates vision and encourages growth, but also includes human values and concern for the environment and the society. The Institute awards Diploma in 5 branches of technology area.

### About The Department:

Computer Department is established in the year of 2000. Department has Total Intake: 180 (First Shift-120, Second Shift-60). Under the leadership of Shri J. M. Joshi Computer department is moving forward. The use of online teaching-collaborating tools like MS Team by Microsoft, for sharing the resources, assessment and related activities help as a mixture of traditional as well as active learning pedagogy to support contemporary ICT based technical education.

### Department Vision:

To develop competent engineers through quality education with moral values to meet need of the society.

### Department Mission:

- To provide quality education in both theory and practical to solve the problems.
- To encourage students for cocurricular activities.
- Provide exposure to latest technology.
- Transform students into socially responsible and ethical professional.

### About the Patan City:

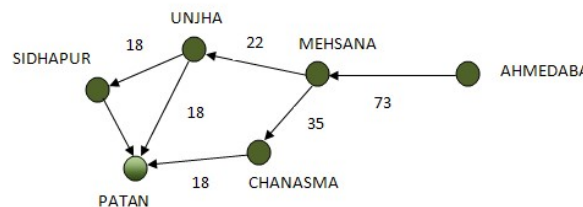

According to history, Vanraj Chavda founded the city of Patan in 746AD. The city enjoyed the status of capital of Gujarat for about 600 years till 1411A.D. Patan reached the heights of glory under the rule of Solanki's till Mahmud Ghazni in 1024A.D. invaded the city and ransacked it. There are many tourist attractions including forts, vav (step wells), talavs (lakes) and places of worship. The main tourist attractions are the Ran ki vav (World Heritage Site), Sahatraling talav and patola saris.

- English Functional skills – 25 Hours

## Students Feedback

They are very thoughtful teachers who put a lot of thoughts into how they present the material .Their lessons were engaging, useful and they were very patient with everyone in class always encouraging their students to try .

**Rahul Gohil**

I am feeling short of words to express the exceptional hard work being put in the class .The way faculty interacted with students, making learning so interesting and explaining everything was just outstanding
